Subject: Mid-America Steel Drum Company - Request St. Francis Mayor

Hello Manoj and Alexandra,

I wanted to ask for your help in locating any final reports and enforcement procedures in place regarding Mid America Barrel Company in St. Francis. I believe there were environmental and air quality inspections done between March 2017 and the present.

I know both of you are very knowledgeable of who does what at the EPA Region 5 and I would appreciate your help in passing my request to the proper Section Chief or Supervisor. Certainly if you can help me directly that would be perfect.

I would like to build a relationship for the future and keep the communication flowing both ways.

Sincerely,

Mayor CoryAnn
